

## The Porn Goddess Savannah Stern

Well known in the fetish genre of the adult entertainment world, Savannah Stern stars in several films from foot fetish features to gangbangs and even violently themed porno flicks that depict women fighting with one another. Within the adult entertainment industry and world of pornography, producers and actors strive to offer every sort of genre or theme of porn, which is smart in a niche market. Men and women alike enjoy a varieties of porno films or adult entertainment films and even videos on demand, websites and magazines which depict not only hardcore sex scenes but also hardcore sex scenes with a fetish theme.

Savannah Stern is one such adult film entertainer and actress who is featured in catfight themed flicks. Catfight themed flicks make up a unique genre of adult entertainment material available across several mediums including magazine, online video, and video on demand. Men and women who are excited by this genre of porn like to see women battling it out and then kissing and making up, perhaps in a hot lesbian sex scene with dildos, anal action, strap on toys and of course more tongue and oral action than most people could handle in real life. Some such films get wild with their scenarios such as catfights where multiple women are wrestling in the mud. Dirty in so many ways, muddy women, naked and dirty, glistening in earthly juices then go on to angry sex scenes where more angry talk and dirty talk transpires.

Savannah Stern also stars in foot fetish films due to the cuteness of her feet. Some men and women particularly like to smell, lick and rub feet all over their bodies as a form of foreplay, during masturbation, or even while actual penetration is taking place. This is in fact considered hardcore porn action if the penetration can be seen in the films content. Perhaps the reason men and women develop foot fetishes is because, like most other erogenous parts of the body, although feet are not considered so erogenous, they are covered up and hidden most of the time, so the excitement of seeing something one normally would not can have the ability to sexually arouse, stimulate and eventually make foot enthusiasts cum hard.

Group sex scenes, also known as gang bangs or orgies, is also a popular adult entertainment genre favorite among those who fantasize about sexual relations with more than one person at a time. Savannah Stern the sexy adult film star is either the star or featured actress in several such mentioned genres of porno.
